Prostate cancer specialist nurse service

Our Gold Coast centres combine expert oncologists, advanced cancer treatments, access to global clinical trials, and comprehensive allied health support.

The prostate cancer specialist nurse service makes navigating the healthcare system and your diagnosis a little easier.

The team of prostate cancer specialist nurses provide practical guidance and help navigating care at every stage including:

Your dedicated point of contact

One person supporting care-coordination and paperwork

Help translating medical terminology

Evidence-based information and education about your diagnosis and treatment options explained in plain English

Care coordination

Assistance linking you in with allied health practitioners, supportive care and medical practitioners as appropriate

Side effects

Dedicated support to help manage day-to-day wellbeing and any possible side effects

Support beyond your treatment

Care doesn't stop just because your treatment has

Accessing the service

Patients, family members or health professionals can make a referral. This is a free service for eligible patients with a confirmed prostate cancer diagnosis. You do not need to be receiving treatment through GenesisCare to access the prostate cancer specialist nurse service if you live within the Gold Coast catchment area.
